Yes. It's ok with me too.

Thanks, Dan.

Hey Dan,
Yeah thwhile that's technically correct, I wouldn't get too far into the weeds on this.

Hey Charlie and Step,
Let me know if there is anything you want to change. To me, everything looked fine. Only minor edit I have is in the second and third bullet of key points:

To my understanding, metals have not been sampled in residential wells to date. Treatment was driven by PFAS
¾ of the HAL.

I don't think this is a "show stopper" so probably doesn't need to be changed.

The intent is to sample for this in the RI however.

Subject: FW: Blades-- COB Monday - Quick Review of Administrator Budget Hearing Factsheets

Hi Daniel, Gwen and Charlie

See the Blades Groundwater factsheet attached. Our OECA/OSRE regional coordinator Jared Hautamaki requests a review by COB today. It's short.

Not sure why this is routing through enforcement to ORC, rather than OLEM to R# program for review.

Daniel--If you want to reply directly to Jared, we'd be grateful for a cc. The request from Jennifer Nearhood to Jared (scroll down two emails) asks for no small edits, but I wouldn't resist deleting the bold/underline on the period on the end of the first bullet and changing "in" to "on" in the second bullet. The errors aren't substantive, but they are "wrong."

Gwen—I read it; I don't think you need to unless Daniel thinks we can assist in counsel.

Thanks very much for taking the toss--

Suzanne

Subject: FW: COB Monday - Quick Review of Administrator Budget Hearing Factsheets

Good morning,

We're being asked to coordinate with you on reviewing these factsheets for the Administrator's budget hearing.

Blades is a listing case so I don't believe there is any thing for us to comment on given listing isn't final but please correct me if I am assuming incorrectly.

Nonresponsive based on revised scope

Responses are due COB today. I apologize for the short notice but these were sent to me while I was on CDO.

Thanks,

Jared Hautamaki, Attorney Advisor
Office of Site Remediation Enforcement

Subject: COB Monday - Quick Review of Administrator Budget Hearing Factsheets

Hello,

We have just received a new request to review Administrator Budget Hearing Factsheets to determine if they need to be updated because the original hearing, scheduled for 3/31, have been re-scheduled for mid-May.

Below are your region's factsheets to be reviewed:

- 1) R3-1 Blades DE
- 2) Nonresponsive based on revised scope

Directions:

- The regions may be simultaneously updating these same factsheets, so I suggest coordinating with ORC. For each factsheet, please let me know if: (1) you reviewed and have no changes, (2) you reviewed and there are changes, or (3) the region is providing changes, and you are okay with them.
- Reviews/changes should be "show stoppers" only; historically smaller edits will be declined by PLCD/Susan Bodine.
- All changes should be in track changes.

The deadline for review is COB Monday 4/27.

Please call with any questions.

Best,
Jennifer
